

## LOUISE HOMER WITH HER FAMILY, INCLUDING THE LATEST LITTLE HOMER!

They spent the summer and early fall at Lake George, N. Y., where this photo was taken. Baby Helen Joy, aged four months, in Mme. Homer's arms, is one of the world's most expensive youngsters, for her mother had to give up a season's engagement to sing at the Metropolitan Opera to await Helen Joy's coming. The famous Homer twins, Katherine and Anne Marie, 7 $\frac{1}{2}$ , are standing behind their mother. The others in the picture are Louise Homer, Jr., and Mester Makepeace, 31 $\frac{1}{2}$ .

### RAW CHOW-CHOW

Use 25 medium-sized green tomatoes, 6 green peppers and 6 red ones, 12 onions and 25 small cucumbers. Put all through the food grinder, then drain for three hours. Put the chow-chow in a crock, mix four cups of sugar and two cups of salt and stir

into the chow-chow. Add half pound of white mustard seed, one cup celery seed, two cups pure horseradish (better grind it yourself) and one gallon of cider vinegar. Stir well with a wooden spoon and tie a paper over crock; will be ready for the table in a week, but will keep all winter.
